

Welcome

A Warm Welcome from the Golden Lake Association

The members of Golden Lake Association would like to welcome you to our beautiful gem in Waukesha County. Golden Lake is one of the most beautiful lakes in the state. It is a lake that has quality fishing, superior water clarity, and water quality that is hard to beat.

I am sure that when you chose your property, one of your main criteria was the lake and its many positive qualities. We have a very active lake association whose members are focused on the preservation and safety of Golden Lake, and therefore our investment in this community. Our goal is to keep Golden Lake beautiful, clean, safe, and accessible for the many generations to follow.

The Golden Lake Association has been in existence for over 40 years and we are proud of our many accomplishments. These include:

- [Efforts to control invasive weed species](#)
- [Boat and trailer inspection at the landing \(to protect against invasive species\)](#)
- [Annual aquatic plant study](#)
- Secchi disk readings (used to determine water clarity)
- Annual water chemistry monitoring

To learn more about the topics above, and to find more information regarding Golden Lake please click on the link below or type the address below into your address line of your internet browser.

- Golden Lake Association Website <http://www.golden-lake.org/>

We invite you to join the Golden Lake Association, and to join us for the Annual Association Meeting on June 18th, 2019, 7:00 PM at the Village of Summit Hall. Meet your neighbors, learn more about this wonderful lake, and become an active member in our community.

We welcome you to Golden Lake and hope to meet you at the Annual Golden Lake Association Meeting.
